from the growing of the grain to the baking of the bread, but the intermediate necessity—the flour—is our specialty. Our household flour is milled from the choicest selected hard winter wheat, and contains all the most nutritious elements of the grain. It is not a white flour, but a natural product of the perfect wheat. Hence it makes the sweetest and purest bread.

Democratic Campaign Committee

The Special Committee, composed of Messrs. J. Will Thomas, T. W. Current and James Dodge, selected by Chairman C. C. Clark, of the Bourbon County Democratic Committee, at its recent meeting, and instructed to choose a Campaign Committee, reported Tuesday that they had selected the following well-known Democrats: Messrs. J. T. Hinton, C. E. Butler and W. F. Talbott, as the campaign Committee for the approaching campaign. There is assurance that the usual big Democratic majority will be polled in November for all the standard bearers.

DEATHS.

—Mr. T. D. Mitchell, one of the oldest and most prominent business men of Lexington, died Tuesday night at the Good Samaritan Hospital. Mr. Mitchell was ill a remarkably short time, having been at the store of Mitchell, Baker & Smith Monday morning.

Mr. Mitchell arrived at his store Monday morning at the usual hour and remained there all of the forenoon, but at dinner time he complained of not feeling well, and said when he went to dinner that unless he felt better he would not return to the store in the afternoon. He continued to grow worse in the afternoon and was taken to the hospital where he died at ten o'clock Tuesday night.

He was a brother of Mrs. Georgia Keller and Miss Belle Mitchell, of this city.

—Louis Hooge, aged about 75 years, former well known jeweler of this city, died at his home at New Albany, Ind. He is survived by his second wife and three children.

—Wm. Young, aged about 35, died Monday night at his home in Winchester. He is survived by his wife, Mrs. Etta Redmon Young. Both are widely related to Bourbon families.

The remains were brought to this city Wednesday afternoon and buried in Paris cemetery.

PARKS HILL CHAUTAUQUA.

Parks Hill Chautauqua is now in full blast, with one of the best programs ever offered. The usual excursion trains will be run Sunday, Aug. 8th. Round-trip from Paris only 50 cents.

RELIGIOUS.

—Elder Carey E. Morgan will be in his pulpit as usual Sunday morning. No services at night.

—The regular meeting of the C. W. B. M. will be held in the parlors of the Christian church this afternoon August 6, at 2:45 o'clock.

—Rev. M. T. Chandler will preach at the Deaver school house on the Jackson's town pike on Sunday afternoon at 3 o'clock.

—The union services will be held at the Second Presbyterian church Sunday night.

Given The Limit.

Several months ago Fraizer White, colored, paid a visit to the Paris jail and asked to be allowed to see one of his friends that was in jail. Turnkey A. M. Kiser informed him that he could see his friend, but that he had to be searched before entering the jail, and when searched a pair of brass knucks were found in his pocket. He was carrying a handful of onions to his friend and when the knucks were pulled out of his pocket he threw the onions into Turnkey Kiser's face and broke and ran. Kiser grabbed him, tearing his coat nearly off, but the negro made his escape, leaving his hat behind.

Jailer Geo. Judy caused a warrant to be issued for him at the time, and had been carrying that warrant in his pocket since last March. Mr. Judy never heard of him until he was informed Monday night that he was in one of the up-town saloons, when he walked in on him and served the warrant much to the negro's surprise.

He was taken before Judge Denis Dundon Tuesday and given the limit for carrying concealed weapons, \$100 and thirty days in jail. It is believed White was endeavoring to smuggle the knucks to his friend on the inside.

Rescued From Drowning.

Little Virginia Cherry, daughter of Mr. and Mrs. Wm. Cherry, of Ruddles Mills, while visiting at Mrs. Nannie Hall's near Kiseron was saved from drowning by Mrs. Beulah Hall, aged 15 years, a few days ago.

Miss Cherry, who is ten years of age, asked the privilege to go to the well and draw a bucket of water which Miss Hall declined to grant. Some time thereafter, Mack Mitchell, a little colored boy, came running almost breathless to the house saying that a little girl had fallen in the well. Miss Hall rushed to the well where she heard the cries of the little girl, who was now holding to the chain attached to an old bucket.

Miss Hall encouraged her to hold to the chain and rapidly turning the windlass brought her safely to the top.

The well is 45 feet deep and contained 15 feet of water. The child, who did not seem the least bit frightened, had a deep gash on the side of her head which it was thought was caused by striking the bucket. The rescue of the child by one as young as Miss Hall, who is only five years her senior, is regarded as miraculous.

Assaults an Editor.

Philip P. Johnston, Adjutant General of Kentucky, assaulted Denby Goode, editor of The Focus, a weekly publication, in his office at Louisville Tuesday afternoon. The Adjutant General struck Mr. Goode over the head with a heavy cane. He was afterward arrested on a warrant sworn out by Mr. Goode. The assault was the result of an article in The Focus at which General Johnston took offense.

LATER.

The case of Gen. P. P. Johnston, Adjutant General of the State Militia, charged with assaulting Denby B. Goode, editor of The Focus, was heard in the Louisville police court Wednesday morning and the defendant held over to the grand jury under bond of \$100.

When the case was called objection was made to Marmaduke Bowden as the presiding judge. Bowden is acting police judge during the vacation of Judge Magee. "Roaring Bill" Sweeney was chosen to preside in the place of Judge Bowden.

The defendants asked that the charge be amended so as to make it a misdemeanor, but this motion was overruled. The court, however, changed the charge to assault and battery.

Prior to the hearing Gen. John B. Castileman as an intermediary for both Mr. Goode and Gen. Johnston endeavoring to bring about some adjustment of the matter without proceeding with a trial. He sought to induce the withdrawal of the prosecution. Mr. Goode consented to this on condition that Gen. Johnston apologize for his conduct. When this information was carried to Gen. Johnston he declined to consider any adjustment that would involve an apology and asked that the case take its course.

Parks Hill Chautauqua Begins.

The annual meeting of the Parks Hill Chautauqua began yesterday. Indications are that the meetings will be more largely attended this year than ever before. The Rev. Dr. Charles William Sullivan has been engaged as platform manager and the program will begin with lectures by Dr. A. A. Willett and music by the Orphean Musical Club.

Thunderstorms.

(From Collier.)

The thunderstorm now has its day. It rumbles across the sunny face of the midsummer heavens. Sometimes it lowers the temperature and fills the air with freshness. Almost invariably it pricks the nerves of your little sister and maiden aunt. It splinters the city flag-pole, it demolishes the village steeple, it burns the farmer's barn. But all this does not prevent the thunderstorm from being the most awe inspiring phenomenon which nature ordinarily shows to man. The city dweller, curving impotently through canons of masonry, does not have more than a hint of the true grandeur. One should be upon a hilltop or on a broad lake to realize the omnipotence of the storm. The air is sultry. Great white "thunder-heads" pinnacle the heaven. Dark clouds bulk upon the horizon. These are laced with lightning. The dwarfs can be heard at their bowling on distant mountain peaks. The sun is overcast.

The storm rushes onward. A glowing copper tinge marks its center. A hush broods over the lake's unripled waters. Suddenly comes a blast of wind as if from the puffing cheeks of a giant. Then like a marching white waterfall—the rain. It pelts upon the lake until the drops seem to rebound. The thunder has ceased its rumbling. Now it comes with the lightning in a treble rip like the tearing of a sail. Thus the storm mounts to its crescendo, steadies, wanes, dwindles and fades—ramping away across the countryside. The sun creeps out. The heavens shine with fresher blue. The universe is purified. If all this be not majesty, there is none in nature.

Caleb Powers for Congress.

Caleb Powers, who has, since his pardon by non-partisan Governor Augustus E. Wilson, been engaged in the strenuous endeavor of keeping himself in the limelight by travelling over the country and lecturing before chautauquas, instead of taking a back seat, and if such a thing were possible, letting everybody forget that he was three times convicted for complicity in one of the foulest assassinations that ever stained the pages of the history of this or any other country, has permitted the Rev. Walter, a Methodist preacher, of Elkhart, Ind., to give the announcement to the newspapers of his candidacy for Congress from the Eleventh Kentucky District. But of course this, like the pardons issued to him by his co-conspirator Taylor and non-partisan Wilson, was expected and therefore creates no surprise. All that can be said is that, if he receives the nomination at the hands of his mountain constituents and goes to Congress, they would not have selected a more fit representative of the crowd that took possession of the State Capital under the bloody Taylor regime, and that if the Republican party of Kentucky can survive the policy of sending convicted conspirators in assassination to represent it in the halls of the Congress of the United States, then as a political organization it possesses all the elements of immortality.

Proper Credit.

Some may be inclined to credit the Republican administrator for the increased schoolteacher's pay this year, when they are not at all responsible, says the Clay City Times. The facts of the case are: A dog tax was imposed a few years ago, this tax to be used in paying for all sheep killed by

dogs, the remainder to go to the school fund each year. This law was claimed to be unconstitutional and the whole tax was held up pending a decision of the Court of Appeals on the question. Last fall the Court of Appeals decided that the tax was legal, and several hundred thousand dollars of dog tax which had accrued under the Democratic administration was turned over to the school fund, and this alone is accountable for the increase school fund. Had it not have been for this money going to the school the per capita for pupils would not have been so much as it was in previous years.

The Tobacco Muddle.

The tobacco question, "pool or no pool," is certainly in a muddle, which thickened here Monday after the triangular fight at the court house. It seems that the Burley and Equity societies are not to have a monopoly in the scuffle for supremacy, but there is a third party represented by Hon. C. M. Clay, one of our largest growers of the weed, who takes the stand against pooling of the crop, believing the supply and demand should regulate prices. Mr. Clay declared in a speech two years ago that the pooling of the crop would result in night riders, burning of barns, and general lawlessness would follow. On Monday at the court house he called attention to the fact that his prophecy of two years ago came true. That the whip, torch and shot-gun were necessary to make the former pool a success, and that an attempt to pool another crop will result in a worse condition of things. Judging from the effect made on the large crowd present Monday by each speaker, we would say that it was decidedly a three cornered fight, and it will take time to find out which corner will win out. The growers fighting each other only means defeat in the fight against the great octopus, the American Tobacco Company, and they must get together some way or make up their minds to raise tobacco at prices set by the Tobacco Trust.

Microbes.

Scientists say we couldn't live without microbes. Wish, however, they couldn't live within us.

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the street, the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of laziness, by loss of appetite and tristesse, by sour stomach and distress after eating, by bad complexion and lusterless eyes.

There is no surer and speedier cure for this trouble than Dr. Caldwell's Syrup.

Dr. Caldwell's Syrup has been used successfully for twenty years.

This great herb laxative company found Caldwells

of Buffalo, Ia., of his doctor for forty years,

until the lucky day that he heard of Dr. Caldwell's Syrup.

It cured Joel Clegg of Montgomery, Ala., after suffering continuously for fifteen months.

These are only a few of the many.

But it is not expensive to be cured with this grand remedy, as it can be bought at any drug store in a 50-cent or \$1 bottle.

You very likely are probably life-

long users of Dr. Caldwell's Syrup.

But if you want to know without expense

what it will do for you personally, send

your name to Dr. Caldwell and he will be

glad to send you a free trial bottle.

He is anxious to have you make a

test of his remedy.

Thousands of families everywhere keep

it in the house against such an emer-

gency as constipation, sour stomach,

indigestion, biliousness, dyspepsia, heart-

burn, torpid liver, etc., which may come

on account of the family, and yet

is pleasant to the taste, acts gently and

does not gripe. It is the great children's

laxative tonic.

If there is anything about

your ailment that you don't

understand, or if you want

any medical advice, write to

the doctor, and he will

answer you fully. There is

no charge for this service.

BASE BALL.

WEDNESDAY'S GAME.

In a record breaking game for time played in the league, Paris was defeated at Richmond Wednesday by the Pioneer by a score of 1 to 0. Both teams fast and snappy ball.

Barnes, the new Paris pitcher, made his appearance for the first time and pitched superb ball, making good beyond all expectations. He held the Pioneers down to four hits.

Creager was in the box for the Pioneers and only gave the Paris boys six scattering hits. It was one of those games that lovers of the sport like to see. It was played in sixty-five minutes. The following is the score by innings:

Richmond 0 0 0 0 0 1 0 0 x-1
Paris 0 0 0 0 0 0 0 0 -0

Struck out—by Creager, 6; by Barnes 4. Base on balls—off Barnes, 1. Sacrifice hits—Haanigan, Baird. Stolen Base—Scott, Baird, Maloney. Two base hits—Ochs. Three base hits—Dugger. Left on Bases—Paris, 6; Richmond, 3. Time, 1:55. Umpire—Piepho.

THURSDAY'S GAME.

One of the neatest games seen at White Park was played yesterday afternoon with the Lawmakers. It was a pitcher's battle between Winchell and Baker, both being almost invincible when hits were needed.

Paris scored the only run of the game in the fifth inning. Barnett was out on a long fly to right. Elgin, who batted 1000, getting two hits in two times up, got a clean hit to center field. Winchell dropped a short fly back of third. Ochs drove a terrific liner to Baker which was too hot to handle, and with the bases full and one out Hannigan hit a short fly to center field which scored Elgin. Scott hit to Hannigan for the third out, ending the scoring.

The features of the game was the pitching of Winchell, who was in rare form, allowing only two hits, the batting of Elgin, Winchell and Dugger and the fielding of Hoffman and Ochs. The following is the score by innings and summary:

Frankfort 0 0 0 0 0 0 0 0 -0
Paris 0 0 0 0 1 0 0 0 x-1

NOTES.

Winchell also batted 1000, getting two sacrifices and a hit.

Paris, by defeating Frankfort yesterday goes back into third place.

Elgin batted 1000, getting a base on balls and two hits in three times in the batter's box.

Dugger was there with his heavy stick getting a beauty to right-center for an easy two bases.

Ochs made his one hundredth hit of the season yesterday in the third inning. He got another one in the fifth.

Ochs was a star as usual, making two sensational catches which provoked

Bourbon Fiscal Court.

The Bourbon Fiscal Court met yesterday in its usual monthly session. Judge Denis Dundon presided with the following magistrates present: L. J. Fretwell, W. A. Thomason, J. H. Hopkins, J. T. Barlow and Jake Keller.

Turnpike Supervisor Redmon read his monthly report which was received and adopted.

The usual number of general claims were allowed and ordered paid.

Claims amounting to \$4,573.05 for repairs on turnpikes were allowed and ordered paid.

An appropriation of \$1,000 was allowed Supervisor Redmon for repairs on turnpikes for the month of August.

The following sheep killing claims were certified to Auditor of State for payment: Sallie B. Hedges, \$30; Reynolds Letton, \$56; J. Will Bedford, \$14; D. W. Estill, \$20.

County Treasurer S. E. Bedford was authorized to borrow \$5,000 from the Treasurer of the Garth Fund for use of the county.

Squires Fretwell and Keller were appointed a committee to examine the plans and specifications for repairs of Colville bridge and report back to the court.

There being no further business court adjourned until its regular September session.

Lightning Strikes Tobacco Barn.

During the storm yesterday afternoon lightning struck a new tobacco barn just completed on the farm of Mr. G. C. Thompson, on the Clintonville pike and tore portions of it into splinters. Mr. Thompson and two of his hands who had taken refuge in the barn from the storm, were severely shocked, but not seriously hurt. Mr. Thompson's little granddaughter, Miss Frances Champ, made a narrow escape by leaving the barn a few minutes before the bolt of lightning struck it.

Negro Boy Killed.

Chas. Brent Hicks, colored, aged about 17 years, shot and instantly killed Geo. Franklin Myers, colored, aged 14 years, yesterday afternoon about 2 o'clock. Both of the boys are residents of Clayville and were with a crowd of twelve or fifteen from this negro village fishing at Mr. James E. Clay's pond near town, on the Winchester pike.

The Hicks boy says he was given the pistol used by Clara Belle Bird, one of the colored girls that was in the crowd and that he was examining the weapon and gazing down the barrel when it suddenly went off, and that the Myers boy was looking over his shoulder. The ball struck Myers in the right eye, and passed through to the back of the head. It was a difficult matter, as usual, to get the correct version of the shooting from the crowd of negroes present.

Deputy Sheriff A. S. Thompson and Policeman Ben Bishop were upon the scene a few minutes after it happened and arrested the Hicks boy. He was brought before Judge Dundon and his trial was set for Saturday morning at ten o'clock.

Kentucky Sheep Quarantined.

Governor Willson was notified by Secretary of Agriculture at Washington that Kentucky, in the near future, will be quarantined to prevent the spread of scabies, a disease of sheep.

Dr. F. T. Eisenman, State Veterinarian, is in receipt of a letter from A. D. Melvin, chief of the bureau of animal industry, stating that this action to be taken because of the prevalence of the disease in the State, and the absence of State control over the movement of sheep in interstate commerce.

As Louisville is probably the largest sheep market in the State, and as Kentucky is a sheep breeding state the quarantine will prove a serious obstacle. Dr. Eisenman expects an immediate effect of the order of quarantine will be action on the part of the county Fiscal Courts throughout the State to kill off the disease in the various counties.

Miss Evelyn Craig, of Vevay, Ind., who has been the guest of Mrs. Watson Judy, left yesterday for Cincinnati, where she will visit for a few days before returning home. Quite a variety of informal entertainments were given for Miss Craig while here.

Mrs. James Stone Helm, of Lexington, entertained Tuesday afternoon from four until six o'clock with a beautiful reception at the Country Club. It was one of the largest and most elaborate social features of the summer and was a most charming afternoon in all detail. The beautiful club rooms were transformed into a flower garden with the many beautiful blossoms which were arranged with most exquisite taste everywhere. There were great urns, jardinières, vases and bowls filled with sweet peas, nasturtiums, lilies, gladioli, phlox which adorned the mantels banked with plumbosa and ferns. Everywhere there were lovely blossoms, between the doors were swinging fern baskets and great plants were banked in conspicuous places making a beautiful background for the scene. Sexton and Trost's orchestra screened from view with ferns played a beautiful program of music which added much pleasure to the delightful hours. On the long porches were also attractive decorations and here too were benches and easy seats for the pleasure of the guests. During the afternoon a delicious two-course lunch of substantial ices, cakes and bonbons were served. Mrs. Helm wore an elegant gown of white embroidery mull elaborately trimmed with lace and receiving with her were Mrs. Richardson, Mrs. Thompson Tarr, of Paris and Miss Mayme Spears, of Paris. Assisting in receiving and entertaining were Mrs. W. R. Thomas, of Winchester, Misses Sunshine Swen.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Passing of Windmills.

The old-fashioned Dutch windmills are not popular any more. As windmills are principally used in Holland for the purpose of pumping water out of drain ditches, which must be done regularly in order to keep the fields and meadows dry, the greater part of the Netherlands lying below the level of the sea, it is claimed that wind is too uncertain a motive power for the purposes mentioned, and hence gas motors are gradually being introduced.

President Gets Many Gifts.

George F. Parker, in his reminiscences of Mr. Cleveland, in McClure's Magazine for March, tells of the enormous number of gifts sent to a president.

After his first term Mr. Cleveland insisted on going through his vast collection, and in describing the incident Mr. Parker says: "Upon unlocking the disused room into which perhaps ten or twelve thousand separate articles had been cast, we might well have thought ourselves in a photographic warehouse. There must certainly have been between six and seven thousand photographs."

KING EDWARD'S SUMMER DIET.

Horace Fletcher, the food scientist and dietary reformer, brings from Europe the news that King Edward of England has adopted his ideas on eating as a means of combating the summer heat.

"It is wonderful," he said, "the change which has occurred in Europe, and especially in England, in the past six or seven years regarding summer diet.

"I found that everybody is dieting today. King Edward is the strictest of them all.

"His majesty today eats only the simplest of food and just enough of that for health. He abstains largely from fatty meats and starchy foods and holds to a diet chiefly of vegetable foods, which do not heat the blood."

When asked what his meals cost in summer Mr. Fletcher consulted his expense book and stated that HIS FOOD FOR THE PAST FIVE DAYS HAD COST HIM \$3.08. It consisted of twenty-six quarts of milk, \$2.08, and twenty boxes of crackers, \$1. This expenditure, he stated, provides food for two grown persons and two meals for five hungry children. King Edward sometimes follows this diet, he says. According to Fletcher, THE IDEAL FOOD FOR THE HOT WEATHER IS MILK AND CRACKERS, and he declared further that a healthy laboring man could supply himself with plenty of good, nourishing food for 11 cents a day.

Jonathan Myall's Devises, - Plaintiffs
Vs.—NOTICE OF SALE.
Mary Lou Myall, &c., - Defendants

By virtue of a judgment and order of sale made and entered in the above styled action at June, 1909, term of the Bourbon Circuit Court, the undersigned Master Commissioner of the Bourbon Circuit Court will on

Saturday, August 14th, 1909,

sell at public auction to the highest and best bidder the property hereinabove described and ordered to be sold in this action at the court house door in the city of Paris, Ky., at about the hour of 11 o'clock a. m., on a credit of six and twelve months for equal parts of the purchase money. The purchaser will be required to execute bonds for the purchase price payable to the undersigned Master Commissioner, with good surety, bearing interest at the rate of six per cent. per annum from date until paid. The property to be sold is described as follows:

A certain house and lot situated on Williams street, Paris, Ky., adjoining the lot of Mary A. McCarthy, on the North, and the lot of R. P. Dow on the South; fronting 56 feet on Williams street and extending back therefrom between parallel lines a distance of 188 feet and is the same property conveyed to Jonathan Myall by John Shea and wife by deed of record in Deed Book 90, page 338, Bourbon County Clerk's office.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

STOCK, CROP AND FARM NOTES.

Lewis Rogers sold to Jonas Weil, for August delivery 87 head of 1,400 pound cattle at 51 cents.

Reports from Hopkins county say that three million pounds of their six million dark tobacco crop was ruined by the recent rains.

Charles Thompson, of Lexington, bought of Thos. McClintock, of Millersburg, pair five-year-old mare mules for \$40.

W. F. Bryan, of North Middle town, neighborhood, sold and delivered to Maurie Weil 65 head of 1,250 pound cattle, for 51 cents a pound, and bought of the same party 73 825 pound cattle, for 4 cents per pound. Mr. Bryan also sold to William Jones 200 head of stock ewes, for \$5 per head and to Mason Talbott, 27 at the same price.

The Elks' Fair began at Winchester Tuesday under very favorable auspices and everyting points to a profitable meeting. Among the horsemen exhibiting are Collins & Redmon and A. G. Jones, of North Middletown, this county. The display of vegetables and farm products is splendid and the poultry exhibition the best ever seen in the county.

On top of the dome of the county court house in Liberty, Mo., stands a statue of the Goddess of Justice which is about ten feet high. It is made of wood and is hollow. For nearly fifty years a colony of wild bees have nived inside the statue, going in and coming out through a small knothole under the extended arm of the figure. The bees have never been molested. It is estimated that the entire space is filled with honey, and that there is enough of it to fill several barrels.

The solicitors recently appointed by the Nicholas County Board of Control in each precinct of Nicholas county to solicit pledges of the 1909 crop of tobacco under the new Burley Society contract, have reported that in some sections of the county much progress has been made and that a greater per centage is being signed than heretofore, while in other parts of the county the fight going on between the American Society of Equity and the Burley Tobacco Society is causing the growers to wait developments as they are anxious to see all differences settled before signing.

It is interesting to know that Kansas has made some interesting records in growing wheat. For each of the last five years the State has been first in output, and in eight out of the last ten years Kansas raised more wheat than any other state, or an aggregate of 746,627,740 bushels, at a total value of \$477,706,894. In the last twenty years the State has become a wheat millionaire, its crops aggregating 1,152,444,800 bushels. The government rates Missouri, California and Michigan among the crack winter wheat producers of the world, but in 1907 Kansas raised more than these three States together.

Amputated His Own Toes.

A German tourist has been found by a gendarme lying unconscious in a stable at St. Sulpice, in the Canton of Neuchatel, Switzerland. The man lost himself in the snow, and his feet became frost bitten. He crawled to the stable, and in his agony took out his pocket knife, and amputated two of his toes. Then he fainted, and is now in hospital.

Spoiled Her Sleep Word.

A little girl of four years was heard repeatedly murmuring a long word. Her father, thinking to please her, told her the meaning of it. She burst into tears. At last, with her mother's assistance, the father learned the meaning of her grief. "It was my word that I put myself to sleep with, and now you've spoilt it!"—M. Loane in "An Englishman's Castle."

Keeps Automatic Record.

An instrument is being used in one of the South African mines which automatically keeps a record of the cage or skip journeys as well as the signals given in the shaft and in the engine-room. A band of paper ruled off into time spaces is marked by a small disc provided with a needle at one side. While the skip or cage is in motion, the disc travels over the cylinder making its record. When the signal bell is sounded the needle is caused to perforate the paper once for each ring of the bell.

BLUE GRASS REGION

Center of Richest Agricultural Section of the United States.

TO BE SET OUT AT GREAT FAIR

Resources of Kentucky's Inexhaustible Domain to Be Fittingly Exhibited at Coming Blue Grass Fair—Classification of This Exposition Unique Among Works of Its Kind.

Lexington, Kentucky, is in the center of the richest and most famous agricultural and live stock raising section of the United States if not of the world. The renowned Blue Grass region has a reputation extending to many lands, and of the interests with which it is particularly concerned the Blue Grass Fair is representative. Although in magnitude and importance fully on the basis of a state fair, the Blue Grass Fair, which is responsible alone to the enterprise of its stockholders for organization and dependent upon the support of the people of Central Kentucky for maintenance, does not try to reach outside the particular products with which its section is concerned and to which its further advancement may in some measure be due. Always bearing in mind the slogan "a Kentucky fair for Kentucky products," it omits from its classification certain breeds of live stock for which most state fairs make provision. Such omission is intended in no sense of criticism. It is rather a course adopted after careful consideration for what is believed to be the best interest of Kentucky and particularly of this section.

Great Horse Show.

The classification of the Blue Grass Fair, introduced in 1907 and since reaffirmed, is unique among works of its kind. No other fair ever succeeded in separating completely and entirely breeding and show classes in its horse departments. The former are provided for the three great American breeds, the only three with which Kentucky is in any sense concerned. The show classes are thrown open to the world, specifications of individuality being the only consideration taken into account. Competent judges have pronounced the horse show at the Blue Grass Fair the best in America. No where else can such a display of breeding stock be found, no where else do both saddle and harness rings fill so well or offer contests so stirring and satisfactory to the lover of the horse. Attention is particularly directed to the thousand-dollar stake for five-gaited saddle horses offered as a feature of this year's fair. It will be the most valuable stake of its kind contested in Kentucky, and it should produce the greatest battle between five-gaited horses ever seen on a fair grounds.

Other Departments.

Great as is the prominence given the horse, other departments of live stock are by no means neglected. With the possible exception of the Missouri and Tennessee State Fairs, no other show of mules and jack stock approaches that at Lexington, while very liberal provision is made for Shorthorn, Hereford, Angus and Jersey cattle, the four breeds with which Kentucky is particularly concerned. The national associations for the promotion and registration of these cattle have in three instances shown their appreciation of the importance of the Blue Grass Fair by making liberal appropriations to it. The provisions for both swine and sheep are broad. The poultry department will be a feature of increased interest. There are premiums offered for practically every class of woman's work, and the first floor of the Floral Hall will become a rendezvous for farmers on account of the individual farms exhibit there placed and the educational display that will be made by the Kentucky Experiment Station. The addition of an Automobile Day not only adds to the variety of the program, but also shows how heartily the greatest horse fair of the world concurs in the propagation of an invention that has already become one of the mechanical factors of the age. Horse races, moreover, are not neglected. There will be abundant interesting contests of speed.

Six Big Days.

This, the fourth annual exhibition of the Blue Grass Fair Association, will be held the week of August 9th to 14th. It opens the circuit of prominent fairs and live stock shows of the country, a circuit of which it is recognized as an important member. It thus offers the first meeting ground for the herds and flocks, and the noted horses that are destined to do battle down the line throughout the season. As in former years, it will be held upon the beautiful grounds of the Kentucky Trotting Horse Breeders' Association. In order, however, to afford every advantage to exhibitors and to have an abundance of room, it leases a large body of land directly contiguous to those grounds, upon which have been erected first-class buildings for the housing of cattle, sheep and hogs.

There will be no days of the fair especially designated for the people of the surrounding counties of Kentucky. They are desired and expected to be present just as many days out of the week as possible. But Tuesday, Aug. 10th, has been made Lexington and

Central Kentucky Day, when it is hoped to have a large outpouring of home people. Invitation has been extended the Louisville Commercial Club to come on Wednesday, Aug. 11th. Excursion rates of one fare plus 25 cents for the round trip will be given by all railroads in the state throughout the week. Furthermore, there will be special trains daily from all directions.

Entries to all live stock classes close Monday, Aug. 2, at 6 o'clock p.m., and this rule will be strictly enforced. After the first day the fair will be opened promptly at 10 o'clock each morning, intermission for luncheon taken at 12 noon, with the afternoon program beginning at 12:30 p.m.

Military Drill for All the Idle.

Compulsion (military) might be fairly applied to the idle, be they poor or rich. The unemployed whom we support would be better learning military drill than half-heartedly doing work for which they are not suited, and which reduces employment somewhere else. Men who have money but do nothing of any use to the state might be put under the same discipline.—London Times.

President Helps Orphans.

Hundreds of orphans have been helped by the President of the Industrial and Orphan's Home at Macon, Ga., who writes: "We have used electric bitters in this institution for nine years. It has proved most excellent medicine for stomach, liver and kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run down people it has no equal. Best for female complaints. Only 50c at Oberdorfer's.

THE WONDERFULLY EASY FOOT-LIFT

THIS CUT ALSO ILLUSTRATES THE DIRECT UNDERDRAFT FEATURE

Every farmer knows that the greater the "Underdraft" of a mower; the better and easier that mower will do its work. Every other maker of mowers uses some device that will enable him to secure as much "Underdraft" as possible. The best of these devices, however, are but makeshifts by which at least two-thirds of the draft is applied through the pole. Walter A. Wood Mowers alone possess genuine "Underdraft." Every ounce of draft is applied through the draft rod (shown in above cut) right where it is needed. A visit to this store will make this valuable feature clear. We honestly believe the Admiral is the best mower on the market to-day and are eager to show it to you and tell you all about it.

LOUIS VIMONT.

The 11th annual meeting of the Bracken Association of the Baptist church began its three days' session at the Baptist church here this morning at 10:30. Some of the delegates arrived on the evening train Tuesday and the morning trains of today brought many others. The town is practically full of delegates and visitors and we are once more in holiday attire.

This is the first time in fourteen years Millersburg has had the pleasure of entertaining this Association. More than a hundred delegates and visitors are here and others will arrive on the evening trains and early trains tomorrow. The meeting was called to order promptly at 10:30 by the moderator, Mr. Bollinger. This was followed by a song and prayer service. The choir is in splendid condition, being made up largely of delegates and visitors from other places. Dr. Arthur Yeager, of Georgetown College, delivered the opening address in which he outlined briefly the work of the Association, making comparison between the Association of today and those of the past.

At 11:10 Dr. Stackhouse, of Lexington, delivered an able sermon which has been much complimented, after which various committees were appointed, the Association then taking a recess until 2 p. m.

All visitors and delegates then retired to the spacious dining room of the Millersburg Female College, where an elaborate dinner was served by the ladies of the church. The following is a partial list of the delegates and visitors present:

Mr. and Mrs. L. N. Thompson and son, Lewisburg, with Mr. Bert McClintock; Mesdames Cob Ewing and H. Martin, Pleasant Valley, with Mr. T. D. Judy; Misses Bettie Roberts and Bettie Yancey, Mayslick, with Mr. Ashby Leer; Rev. A. N. White, with Mr. J. G. Smedley; Mr. R. M. Yancy, Mayslick, with Mr. Thos. candidates retain their offices.

Attorneys for the Democrats were not in the lease surprised by the decision of the court. It has been expected that Judge Parker would render a decision this week and that this decision would be against the Democrats. They are equally confident of a reversal of the decision in the Court of Appeals. They do not believe the higher court will nullify an election, where the evidence fails to show specifically and definitely frauds in excess of the majorities and pluralities for the candidates elected on the face of the returns.

If only the cases decided by Judge Parker are carried to the Court of Appeals the worst that can happen to Mayor Skain would be a deadlock in the general council so that it could not choose a successor, thus leaving him in possession of the office.
